

I am in suport of "NJ, Do not call list" just the way it is. And the reasons are... I do not have to screen my calls. I don't have to deal with rude telemarketers. my phone doesn't ring inceasantly, I don't have to say "I'm not home", I don't have to tell my child to say "I'm not home", I don't have to get upset everytime the phone rings, my home is peaceful now. Just the way I like it. Protect our rights!! When I want something... I'll buy it!
